Ed was bumped to 1St Class as there was no Broom's available as all were down with defects. He took a loader with a pick up broom and the Utility Crewman followed behind with a truck to complete Route 11. A issue was also completed at the Elizabeth Ave and Torbay Rd intersection for broken glass. Defects were reported.

Jim

Last night we used broom operator for ice control.
As temperature and conditions were not favorable for sweeping.
Call center and parking enforcement were informed that sweepers wouldn't be performing duties.

Ed Bickford salted higher elevation of speed routes and checked other areas throughout the night.
Paperwork and winter event are provided.
