ST. JOHN'S

STREET CLEANING

Street cleaning removes dirt and debris from city streets to provide an aesthetically pleasing and healthy environment for city residents. Street cleaning reduces the dirt and debris going into storm sewers, thus enhancing the quality of storm water and prevents physical damage to pavement.

SCHEDULED TIME PERIOD

The time period for Downtown street cleaning is Monday April 16, 2018 to Friday, September 21, 2018.

AREA COVERED

During the night time, 171 kilometres of street curb in the Downtown area is scheduled to be cleaned.

The boundary of this area is basically the same as defined by the Snow Clearing By-Law with the addition of The Boulevard, Carnell Dr, Clancey Dr, Lake Ave, Lake View Ave and the lower part of King's Bridge Rd. Please see the map in the center of the booklet. However, unlike the Snow Clearing By-Law, the only exclusions are streets that don't have curbs or can't be accessed safely by the mechanical broom. All other streets in this area will be swept on the dates specified.

DOWNTOWN STREET LISTING

Streets Are Listed Alphabetically

In order to reduce confusion, Downtown streets scheduled to be swept have been listed in alphabetical order.

Side of the Street to Be Swept Is Determined By Street Numbers

In the alphabetical list, the streets to be swept have been designated as Odd, Even or Both. This refers to the civic number on your house. The terms North, South, East and West are not used.

Streets May Not Be Swept on the Same

Day of the Week

The day of the week on which a street will be swept may change throughout the street cleaning period. This has been done to equalize the number of times streets are swept.

PRIORITIES

The City's Department of Public Works has a comprehensive plan in place for street cleaning in the Downtown area. There are 28 predefined routes. They have been grouped as follows:

Downtown Central Business District

All streets bounded by Hamilton Ave, New Gower St, Duckworth St and Temperance St, with the exception of the section of Duckworth St from Cavendish Sq to Signal Hill Rd.

Downtown Arterials & Collectors

Those major streets that handle the most traffic, plus secondary streets and connector streets that lead to major commercial, tourist and residential areas.

Downtown Residential Streets

Those streets that have the least traffic.

ON STREET PARKING RESTRICTIONS

WHAT CAN I DO TO HELP?

- Please remove all vehicles from the street at the scheduled times. Any vehicle left on the street during a scheduled cleaning will be ticketed. Please note, all sweeping takes place in the morning on the dates specified, between midnight and 7 a.m.
 - Do not re-park your vehicle in any area that is scheduled for cleaning even if the street sweeping machine has been by as it may make several passes on your street.
 - Arrange with a neighbour or friend to move your vehicle(s) if you will be out of town on the dates your street is scheduled for cleaning.
- Your cooperation and patience are appreciated. Together, we can keep your neighbourhood clean.
