

Passed By Council on:05/20/2003

Purpose

To increase the safety of the public who may be in close proximity to the operation of non-vehicular, motorized ride-on equipment as well as employees who operate such equipment.

Policy Statement

1. Any employee who is required to operate non-vehicular, motorized ride-on equipment as part of his/her work duties must be the holder of a valid Class 5 driver's licence.
2. The front line supervisors/foreperson shall be responsible for ensuring that employees under their supervision who operate non-vehicular, motorized ride-on equipment have a valid Class 5 driver's licence.
3. Employees who do not possess a valid Class 5 driver's licence will be referred to the Department of Human Resources for training consideration.

Application

Responsibilities

Department of Public Works and Parks.
