Title:	19 Fire Apparatus Technicians

Purpose

To outline the duties and responsibilities of the position of Fire Apparatus Technician.

Background

This replaces POG #01-02-19, "Garage Mechanics", dated 1994/01/01".

Procedure

Fire Apparatus Technician

This position works under the direction of the Manager of Mechanical Services and is responsible for performing all duties assigned.

1. Reports any malfunction or other matters that would hinder the safe operation of any vehicle within the Department and reports same promptly to the Manager of Mechanical Services.
2. Makes repairs and performs maintenance within the Mechanical Division's facility and at the scene of fires and other emergencies to the Department's front line and support apparatus and tools.
3. Ensures efficiency by turning out a high standard of work which is imperative to the safe operation of emergency vehicles.

NOTE

All Operational Guidelines are provided as a guideline only and may be altered by the OIC to meet extenuating circumstances.
