

Purpose

To define policy for the loaning of traffic control signage and barricades.

Policy Statement

The City may make available traffic control signage, construction signage, or barricades to outside agencies/groups/individuals as per the following guidelines:

1. Requests from emergency response agencies: ie. Police, Fire, Ambulance, Emergency Measures, Red Cross, St. John Ambulance, etc.

The City shall provide and assist in the placement of signage and barricades as needed.

2. Requests from other government departments/agencies.

The City shall assist where possible in the provision of signage and barricades.

3. Requests from residents and non-profit groups & associations for not-for-profit events.

The City shall make available, where possible, signage and barricades. Pick up and return is the responsibility of the individual/group.

4. Requests for commercial purposes.

Council may approve the provision of signage and barricades where they cannot be obtained from the private sector and may establish a rental fee or deposit for such use.

Application

Responsibilities

Department of Public Works & Parks.
